

BENEFEX LAUNCH 'CLIENTHUB' ON LINKEDIN

BENEFEX HAVE LAUCHED AN EXCLUSIVE GROUP ON SOCIAL NETWORKING SITE LINKEDIN TO INTERACT WITH THEIR CLIENTS

ClientHub is an interactive space within LinkedIn for us to communicate with our clients and for them to form a networking community. The group allows quicker access to our company and market updates, keeps our clients in touch with current affairs within the employee benefits market and allows us to react quickly to any questions or discussions posted in an open and more informal way.

ClientHub, which is a private 'members only' group, joins our existing portfolio of client communications, including our client magazine, formal updates, meetings, seminars and exclusive client networking events.

If you are one of our clients who have not yet joined ClientHub please contact Martin Dearman on martindearman@benefex.co.uk and we will arrange your member access.
